INDOOR AND OUTDOOR LOCATIONS

Bunya View Ceremony Area

With a spectacular outlook to the glittering Lake Cooby, our Bunya View Ceremony Area is the perfect relaxed outdoor setting for your nuptials. The manicured lawn and paths, large 4 post timber arbour, and lush tree canopy of our Bunya View Ceremony Area provide a great canvas for you to personalise

Loveday Barn

Reflections - Lake Cooby was originally owned by the Loveday Family as a working farm and was held in the family for many generations. The homestead has since been removed from the property, but the original barn (built over 100 years ago) still remains, and we have aptly named it the 'Loveday Barn'. With some modern touches, the Loveday Barn has been transformed into the perfect space for your indoor Ceremony, or a space to gather with your guests for a big breakfast the morning after your wedding celebrations

Lakeside Marquee & Marquee Lawn

Our silk lined, chandelier lit Marquee offers 180 degree waterfront views and provides a front row seat to some of the best sunsets that the Darling Downs has to offer. Opening out onto our festoon lit lawn, the Marquee and Marquee Lawn are the perfect setting for your Cocktail Hour and Reception. Equipped with power and a PA

system, this space is ready for you completely personalise for your special day.
